t: 028 9065 6407 e: show@lifestylegreen.com

Hosted by

Supported by

The 3rd LifestyleGreen returns this summer at the picturesque setting of the (NIEA) Northern Ireland Environment Agency's Crawfordsburn Country Park in County Down. This free to visit outdoor event will centre around 5 marquees, the visitor centre, the walled garden and the extensive parkland and beach. **Once again bringing down to earth greener living options to visitors, the event will showcase all the latest technology, while keeping thoughts centred on realistic ways to keep costs to a minimum and health to a maximum!**

As usual there will be a number of talks & workshops, adequately complemented with exhibitors from renewable energy, natural health, eco-fashion, trade, crafts and healthy food sectors.

A big children's recycled craft area will also provide plenty to make and take crafts for younger visitors. Old skills will once again be an important element of the event, with the opportunity to take part in workshops or watch demos.

Above all it will be a great green family day out, with loads to do & see!

Choose from 5 zones:

Renewables Trade
Craft Outdoors
Natural Health
